The sun transits one circle of 360 degrees of the zodiac in a whole year. To analyse the results for a specific year of your life, a horoscope is cast for the time when the Sun in transit reaches exactly where it was at the time of your birth. This horoscope is used to predict events and foretell your life for that particular year. The annual or progressed horoscope is similar to that of the Siderial Solar Return chart in Western Astrology.

Varshaphal is also known as the Tajaka or Tajik system of astrology. Of the many writers, Nilakanta and Kesava are the two great authors who have written elaborately on the Tajik system.

The annual horoscope analysis and predictions given here are based on the principles of the Tajik system. The point called Varshapravesh, is the entry into the new year and has great significance. This is calculated as per the elaborate methods suggested in the ancient texts. The day of the week of your birth, is also considered for Varshapravesh. Apart from the ascendant in the annual chart, called Varsha Lagna other important influences analysed are that of the Muntha, the Lord of Muntha and the Lord of the year.

There are wide differences in rules, for judging a horoscope under the Parasara system and the Varshaphal. The set of rules for aspects and combinations in the two systems are distinct. The strength of the planets are ascertained by Panchavargiya Bala rather than Shadbala, as in the Parasara system.

In the foregoing analysis, you can see that the effects of various factors are sometimes contradictory and at times reinforcing. While some unfavourable influences are neutralised by favourable factors, often you will experience all these at least partially at sometime during the year. An overall judgement of the year ahead is given at the end of each annual forecast.

Please remember that the Varshaphal period covers an entire year from the day of Varshapravesh, which is approximately from one birthday to another.

The predictions given here are indications of the fortunes ahead and you can surely surmount any hard times, by your diligence, will-power and the grace of God.

Effect of Muntha

Muntha is a sensitive point in the annual horoscope. Muntha moves by one rasi per year from the birth ascendant. The position of Muntha in the annual chart has a significant effect on the results one can expect during the year.

The position of Muntha in the ninth house indicates good luck and prosperity during the year. As a young man, you could do well at your career or maybe at some social activities. Success and fame will easily come to you. Your ambitions could come true. There may be some celebrations at home and happiness within your family. Gains from foreign connections and foreign lands are indicated. It could even be a prestigious contract !! However, do make the most of this favourable time ahead.

Lord of Muntha

The lord of the house where Muntha is placed is called Munthesh, the Lord of Muntha. The effect of Munthesh is only secondary to that of Muntha.

In this case, while Muntha is placed well, the Lord of Muntha is in an unfavourable position. This nullifies some of the good effects given by Muntha. Also, some difficulties will be experienced during the year.

The lord of Muntha is in the fourth house. For you, this coming year could give you some moments of anxiety. It could be due to a work situation or some problem at home. There could be the loss of position you hold - or you may have to give up on your wealth or something you value dearly. However, try not to get upset over these and just go on with your life.

Lord of the year

Varsheswara, the lord of the year is selected based on various factors as shown above. The lord of the year has a significant influence on the events that unfold during the year. The strength of the planet is also an important consideration.

Mars is the lord of the year and is strong. This year will bring with it success for you in whatever you take up earnestly. You will be a popular man among your friends and relatives. There could be an increase to your wealth or assets. You will overcome your enemies and even turn them into friends. If you are an army man, then military honours can be expected. This year will be a generally happy one for you, considering the strong influence of the lord of the year.

Birth Lagna

The position of birth lagna in relation to varsha lagna has special significance.

Birth lagna is the annual second house. This indicates financial prosperity for you this year. However, there is a danger of some hurt or injury also. Try to be more sensitive to the feelings of your family members. So you can avoid any unpleasantness. There will also be unexpected expenditure on medicines.

Planets in houses

The effects due to the position of planets in different houses of the annual chart are outlined below. These influences modify the intensity of good and bad results forecast based on the parameters analysed earlier.

The eighth house is occupied by Moon. This cautions of mental aberration, problems from unexpected sources, fear of drowning, subjugation by opponents and temptation for immoral acts.

Sun is placed in the fifth house. This indicates unpopularity with the public, trouble in disputes, doubtful decision making, suffering for children, sickness and financial tightness.

Mercury is placed in the fifth house. This is a good indication for children, acquisition of wealth, success in all efforts, loyal servants and befriending persons in high walks of life.
